Step 9

Search in different languages

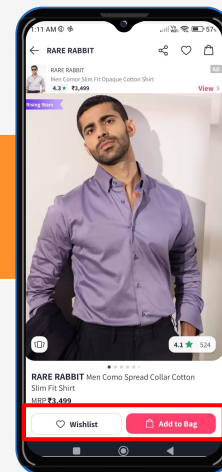

Step 10

Search by uploading pictures

Step 11

Results after search

Step 12

Wishlist / Add to Bag / Go back to the search options

User Experience

★★★★★ 5/11/24

Absolutely love the Myntra app! It's my go-to for all my fashion needs. The interface is user-friendly, making it easy to browse through a wide range of products. The app offers a fantastic variety of trendy clothing, accessories, and footwear from top brands. The best part is the seamless shopping experience and timely delivery. Kudos to the Myntra team for creating such a convenient and enjoyable shopping platform.

★★★★★ 4/14/24

Myntra is my go to shopping app for quality clothing and the latest trends. With its vast selection of brands and styles, I always find something that suits my taste. The app's user-friendly interface makes browsing a breeze, and the detailed product descriptions help me make informed decisions. I especially appreciate curated collections and personalized recommendations that keep me up-to-date with the latest fashion. Myntra's hassle-free return policy adds to the overall great shopping experience.

★★★★★ 6/14/24

Myntra's mobile app offers a seamless shopping experience, making it my top choice for online fashion in India. The intuitive interface, vast selection, and convenient features make browsing and purchasing a breeze.

The GOOD

The login and sign-up procedure seems to be to-the-point and easy to understand.

The interface of the platform is very user-friendly interactive.

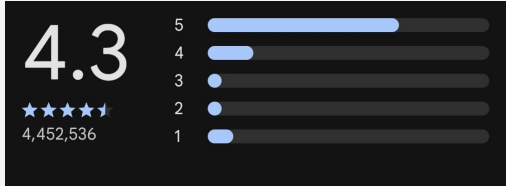

The personalised recommendations keeps the user updated with the fast fashion trends.

The BAD

The sign-up process takes 5 minutes (which is too long).

Myntra provides a lot of features, which sometimes are not useful.

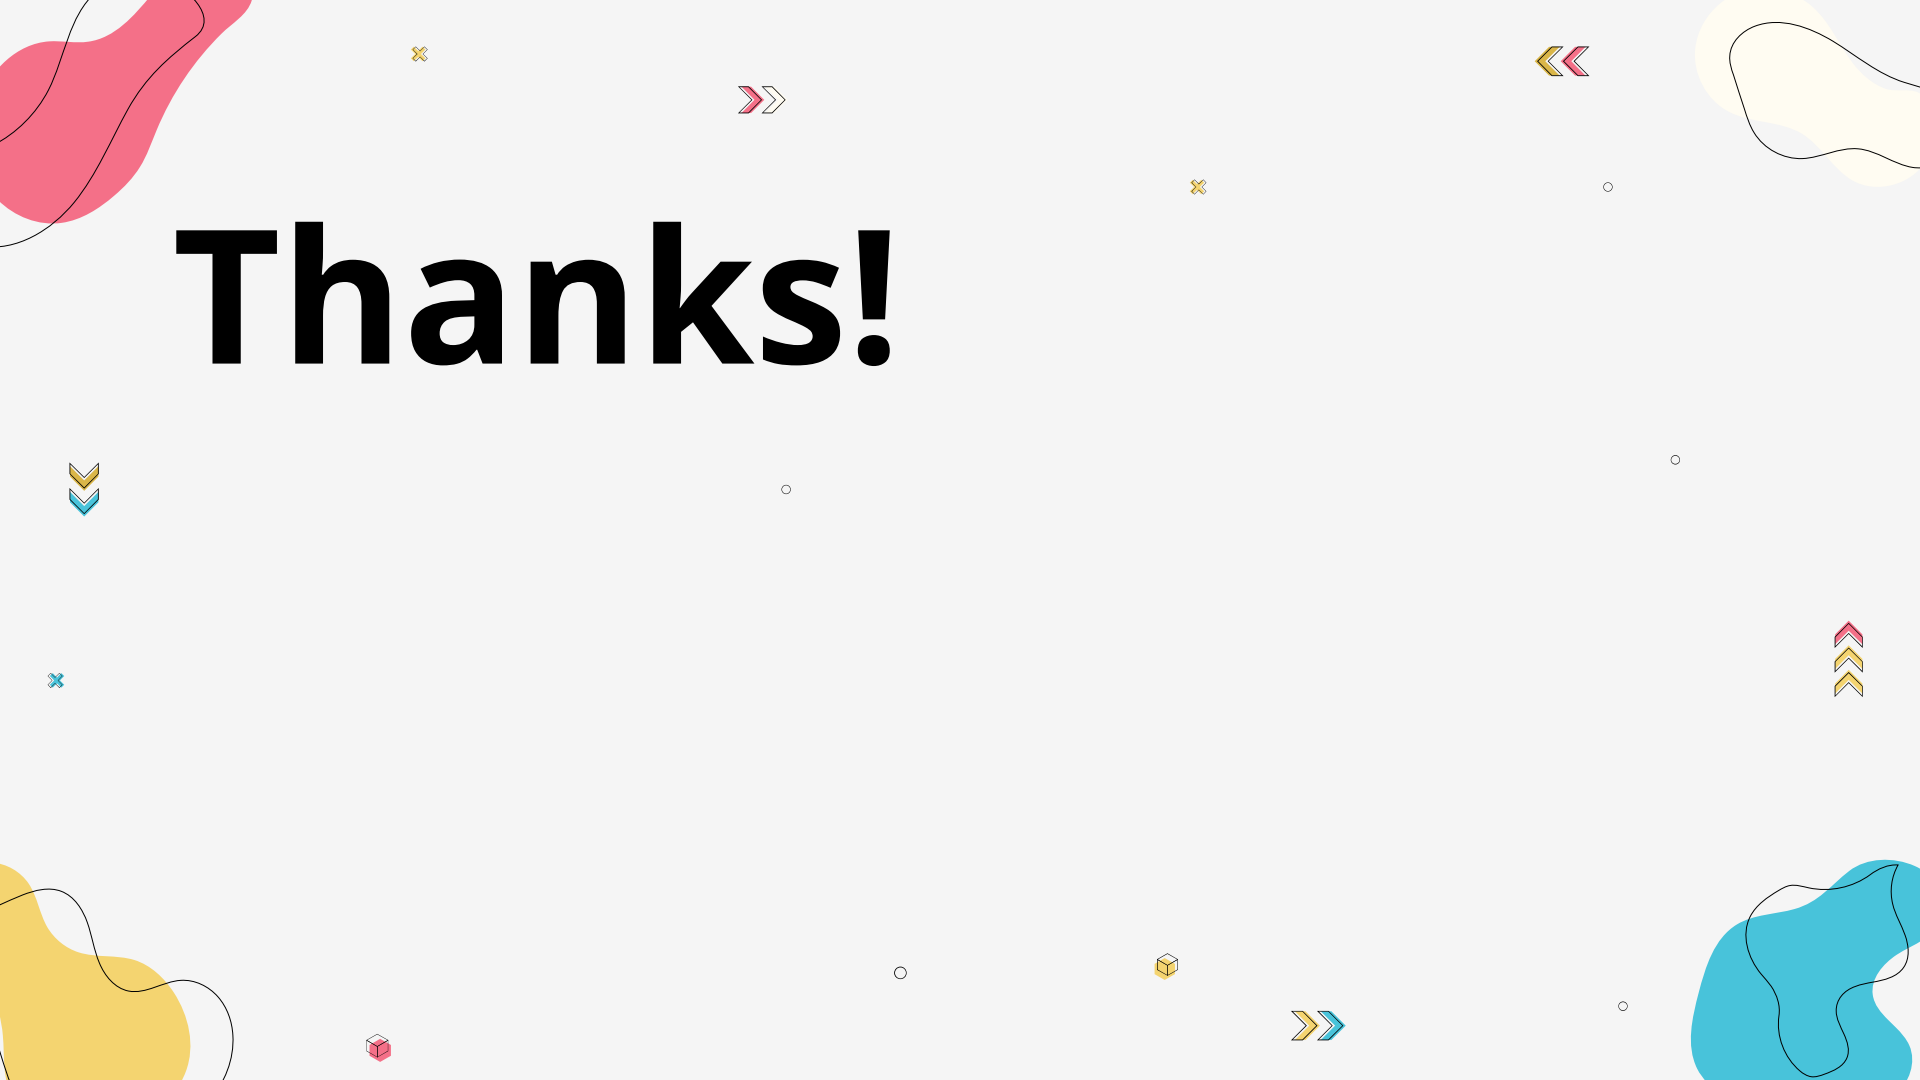

Metrics

Metric	Definition
<i>Onboarding Completion Rate</i>	Percentage of users who successfully complete all onboarding steps (e.g., login, setting preferences, first browse)
<i>Activation Rate</i>	Percentage of users who take a desired action (such as making a purchase or completing registration) after engaging with a product, feature or promotion
<i>Feature Adoption Rate</i>	Percentage of new users who try key features introduced during onboarding (e.g. the chatbot “Maya”)
<i>Time to first Purchase</i>	The average time taken for a new user to make their first transaction
<i>Churn Rate</i>	The percentage of users who uninstall or abandon the app within the onboarding window (e.g., first 3 days)

The background is a light gray with several decorative elements: a pink abstract shape in the top-left corner, a yellow abstract shape in the top-right corner, a yellow abstract shape in the bottom-left corner, and a blue abstract shape in the bottom-right corner. Scattered throughout are various small geometric icons: double arrows (red and yellow), single arrows (yellow and blue), 'x' marks (yellow and blue), and small circles (white).

Thanks!
